

# Leilujh booking

## To all booking personnel:

San Francisco Bay Area based group Leilujh is looking for an opportunity to secure a live date at your venue.

Leilujh's music is best described as "psychedelic pop". Fronted by indie rock queens Marisa Chaves and Dune Nguyen, Leilujh blends heartache-inducing vocals over dreamy slide guitars and hip-hop/disco beats to create a unique sound that has been compared to artists such as Serge Gainsbourg, Stereolab, Saint Etienne, Radiohead, ABBA, David Bowie, Massive Attack, Electric Light Orchestra, and even The Jesus Christ Superstar Cast Recording. Leilujh combines many diverse musical elements and styles in its sound pallet that include rock, electronic, folk, pop and beyond. Drawing from diverse musical influences and background, Leilujh applies a technologically modern and creative approach to music, resulting in a unique live sound that never fails to grab an audience's attention.

Please refer to our bio that is included in this kit for further details. Also enclosed in this package you will find our debut EP entitled "The Tigermoth Odyssey" along with a Leilujh Psychokitty sticker.

Thank you for taking your time to get familiar with our music. We are looking forward to performing at your venue!

## Current line-up and instrumentation:

Leilujh is currently performing as a 6-piece band.

Marisa Chaves – vocals, tambourine, toy piano  
Samara Violet – vocals, keyboards, melodica  
Brandon Chaves – vocals, acoustic guitar, synths, samples  
John Powell – lead electric guitar, electric slide guitar  
Adam Thorsness – electric bass guitar  
Creston Creswell – drums, percussion

The group is accustomed to a quick stage set up routine due to extensive live experience. We do not require any additional equipment and are completely self sufficient. We are committed to providing high quality live show.

Leilujh is prepared to provide a full PA system if your venue requires it, or is unable to accommodate our line-up instrumentation. We are also happy to make advanced arrangements with your venue's sound crew to ensure a professional and high quality sound.

## To set up live dates:
